

La Sociedad de la Entrada

After Action Report for Fiesta of Cultures 10/23/10

Event

The event was the Fiesta of Cultures at Coronado Monument. This event is hosted by Friends of Coronado State Monument, in Bernalillo, NM. Many vendors and performers attended but not as many as last year. This was, no doubt, due to the ominous looking weather. A little wind came up and the temperature was cool but weather stayed mild all day. One of the advantages was that it was not hot. The museum staff allowed us to setup in the stockade corral.

Muster

We mustered four people, Mike and Barbara Bilbo, Blaine Bachman, and Dave Poulin.

Spanish Encampment

Barbara set up her table near the storage building. Here she talks with an event organizer.

La bandera de la Reina

The Event

Of the people at the show there were a lot of visitors that came down to our area. They were attracted by the tent and the flag of Castilla y Leon. We were able to speak with many people throughout the day. Mike borrowed a musket from the museum and patrolled the area from time to time.

El mosquetero Bilbo.

Conclusion

It was a nice relaxing event without any hard drills or marches and people seemed to appreciate what we were doing. Photos by Dave.
